

# Kindred Community

A SSDB PROJECT 2020

In Partnership

# BE PART OF THE KINDRED COMMUNITY

We are inviting preschools to be part of this Kindred Community where we promote sustainability, engage our community and guide our children to give back to the community by donating the sales of the works to the beneficiaries of President's Challenge.

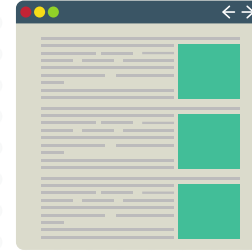

# HOW CAN YOU JOIN US?

## *Sign up*

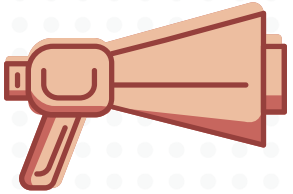

Sign up with us through ECDA or at this website:  
[tinyurl.com/ssdb2020](https://tinyurl.com/ssdb2020)

## *Promote*

Put up your preschoolers' artwork for sale on our web portal for public and parents to support.

## *Be Informed*

Our team members will contact you and share with you on the details.

## *Donation*

The revenue from the sales will be donated to the beneficiaries of President's Challenge.

## *Work with your kids*

Get your recyclables ready and upcycle with your preschoolers.

# Subscribe to Kindred Studio SG

Kindred Studio is established to create and promote sustainability in the community through best practices and green initiatives. With a focus on environmental sustainability and helping underprivileged children, Kindred Studio is the first co-working lab and resource sharing hub for preschool educators and the general public. We hope to lead and continuously inspire the community by spearheading purposeful green projects.

Through this initiative, we would like to:

- Encourage up-cycling
- Guide our young children on reducing carbon footprint
- Bring the message to everybody that we can all play a part in protecting our environment.

**Be a part of this community, preschools sign-up at only \$10/month.**

What would you get?

- 1) Free Teachers' Training\* @ Kindred Studio
- 2) Schools can get big bulk, clean and a variety of recycled materials from the studio.
- 4) The materials can be delivered to their preschools at a minimal delivery cost.
- 5) First 100 preschools\* who sign up will get free Times membership and a \$5 voucher each for your teachers
